

DYNA-SONIC

CUSTOM BUILT SNARE DRUM

Unbound Dynamic Expression...

If you've never tried a Rogers Dyna-Sonic drum, you have yet to experience what lies beyond the limits of traditional snare drum design. This extraordinary instrument is the realization of a dream: to build a totally live, touch-reactive snare drum... with the ability to voice every nuance of a player's personality. Featuring Rogers' famous, floating snare rail system, the Dyna-Sonic is a masterwork in sonic design - painstakingly crafted to modern specs for build quality and consistency. Drop-dead gorgeous - appointed with high-luster chrome hardware, Beavertail lugs, Clockface throw-off and select classic finishes. Take your playing to the next level - with pin-point responsiveness, feel and tone that you'll only get from a dual live-head snare drum.

The Rogers Dyna-Sonic - the Legend Returns.

36BP

5" x 14" Dyna-Sonic
with Beavertail Lugs
in Black Diamond Pearl

36BLO

5" x 14" Dyna-Sonic
with Beavertail Lugs
in Blue Onyx

37RO

6.5" x 14" Dyna-Sonic
with Beavertail Lugs
in Red Onyx

The Beavertail Dyna-Sonic is available in both 5" x 14" and 6.5" x 14" sizes. The shells are Rogers' proprietary formula 5-ply North American hardwoods with reinforcement rings. 10-lug profile & original triple-flanged hoops.

Current Dyna-Sonic finishes - available in both 5" and 6.5" drums:

Red Onyx

RO

Blue Onyx

BLO

Black Diamond Pearl

BP

White Marine Pearl

WMP

Inspired by Rogers' legacy of innovation, our new lightweight Dyno-Matic hardware series excels in style and function at a fraction of the weight. All models feature Rogers' trademark Swan Leg base and Deco-Grip feet which make stand placement simple and solid - without getting in the way. With beautiful design appointments and modern features, the new Dyno-Matic hardware is a perfect blend of vintage Rogers styling with the strength and adjustability of modern construction. A perfect addition to any drum set-up.

RP100 - Dyno-Matic Bass Drum Pedal

Already a top-seller, the new Rogers Dyno-Matic pedal is much more than just a stunning tribute to its famous older brother, the Rogers 'Swivo-Matic'. This unique, precision-crafted instrument advances many of the original pedal's pioneering features into the 21st Century. Loaded with user-friendly controls and extra fine-tuning capabilities, the Dyno-Matic is an ultra-versatile, nouveau classic.

- Fully-adjustable to fit bass drums from 18" to 30"
- Independent chain cam, beater hub and spring arm movement for unlimited combinations of beater and pedalboard positioning
- Easy one-hand spring adjustment while playing
- Lever action, quick engage/ release hoop clamp
- Quick flip, dual-surface beater
- Adjustable Toe-stop, and much more!

AUTHENTIC REPLACEMENT PARTS

Rogers offers an ever-growing selection of authentic replacement parts for original, and current Dyna-Sonic drums & the Dyno-Matic Pedal
